

“...G&B finds its way into the hands of some of the city’s most followed shop owners, stylists and fashion junkies.”

GARNET & BLACK

Garnet & Black, the university’s student magazine since 1994, brings national style and interest to the collegiate and community level. The staff works with local boutiques, hotels and businesses to dress models and set up photo shoots to create a magazine that rivals national publications in design and content. The magazine’s roots are in the community, and G&B finds its way into the hands of some of the city’s most-followed shop owners, stylists and fashion junkies.

With four printed editions a year and an online presence, Garnet & Black draws in readers year-round with weekly blogs, online-only features and event coverage. Each of the magazine’s full editions are also available online, putting your business in front of visitors seeking high impact content and cutting-edge design. You can visit the website at gandbmagazine.com.
